Conversations Because of You

This semester I've had the opportunity to travel with Justice For All to Oklahoma, Georgia, Texas, and Colorado. I've had many conversations in which I was able to share the truth about abortion. Your support helps make conversations like these possible. Thank you!

Defending life together,

Enjoy these photos of me in conversation at the University of Georgia—Athens (UGA), the University of Colorado—Colorado Springs (UCCS) and the University of North Texas (UNT)!
